INSTRUCTIONS

Please read the following instructions carefully before filling out this declaration. Be careful to print your name clearly so that it can be read.

The major department must approve this declaration and assign a major advisor. Your major advisor **must** sign the declaration. If you are declaring a second major, the second major advisor **must** also sign.

If you wish to continue as a Deciding major, the Office of Academic Advising should sign the declaration. If you wish to continue as a prospective major, your current advisor should sign the declaration. Minor declarations do not require your major advisor's signature.

MAJOR – Only one is required. Please also enter your major emphasis. **MINOR** – No minor is required for most majors (check the catalog). Indicate by placing a (T) by the minor if you expect to receive teaching certification in the minor.

TEACHER EDUCATION CANDIDATES – Your admission to teacher education will be granted only **after you have met all requirements for acceptance to teacher education**. See the university catalog.

CHANGES IN PROGRAM – If you wish to change your major, a new form must be completely filled out, signed by you and your new major advisor, and filed in the Office of the Registrar. See that your folder is transferred from your former advisor to your new advisor if you change advisors. A change in minor requires submission of a new declaration form but your advisor's signature is not required.

FILE THE COMPLETED FORM IN THE OFFICE OF THE REGISTRAR.

Chapter 22 Code of Iowa: The purpose of this form is to process your declaration of curriculum. Only "directory information" may be released to third parties. All items are required unless otherwise noted. Incomplete forms cannot be processed.
