Ceremony Symbols & Traditions

The Academic Procession

The procession begins with the entrance of the candidates for degrees with the highest degrees at the conclusion of the student processional. Led by faculty and staff marshals, the candidates for undergraduate degrees enter in groups, representing each of the undergraduate colleges. They are followed by the candidates for graduate degrees.

The procession continues with representatives of the faculty, staff, and academic department heads.

The president's party forms the final section of the academic procession. Headed by the commencement marshal, it includes the president; members of the Iowa Board of Regents; administrative officers; the academic deans; and honored guests.

Presidential Emblem

The individuals leading the procession of the graduates, the faculty, and the president's party carry a mace, which is a symbol of office. Those individuals are the student body president, the chair of the faculty, and the university commencement marshal. Over long tradition, a mace is a symbol of authority and official celebration. The university mace is the largest of the three maces, and it embodies the history and dignity of the entire university. The president wears a jeweled "Chain of Office," symbolizing the wearer as the leader of the institution. The silver chain includes links with the names of previous presidents of the institution, as well as previous names of the university.

Regalia / Academic Costume

Students wearing a bronze medallion are those graduating Summa Cum Laude (with highest honors), which represent the top 3% of each college by grade point average; or those graduating students receiving a Purple and Old Gold Award, given to those students who have excelled in scholarship or who have shown conspicuous achievement in particular areas.

The academic costumes worn trace their origin to the Middle Ages, when long-sleeved, hooded gowns were necessary for warmth in the unheated stone colleges. Over the centuries, much diversity occurred. In 1984, to bring some order, the United States agreed on an intercollegiate system of academic costume, now adhered to by American institutions. According to this code, both the styling and colors of the regalia have significance.

The design of the gown indicates the degree. The bachelor's is a simple gown with a full sleeve. The master's gown is much like it except for the long sleeve, which hangs loose. The doctoral gown is fuller and more elaborate. It has velvet edging and three velvet stripes on the full sleeve. The color of this velvet may be black or in the color appropriate to the degree.

Hoods, which are worn over the gowns, are similar for all degrees, although differing slightly in length. The candidates for the bachelor's degrees usually do not wear the hood. The hood has a velvet edging indicating the area of the degree, and the inside or lining of the hood is satin in the colors of the college or university granting the degree.

The colors of the undergraduate tassels are as follows:

Citron, *College of Social & Behavioral Sciences*

Drab, *Wilson College of Business*

Gold & White, *College of Humanities, Arts & Sciences*

Light Blue, *College of Education*

The colors of the trim on the graduate hoods are as follows, with gold tassels and velvet on the sleeves designating doctoral candidates:

Citron, *Social Work*

Pink, *Music*

Drab, *Accounting or Business Administration*

Sage, *Athletic Training*

Yellow Gold, *Science*

Light Blue, *Education*

White, *Arts*

Peacock Blue, *Public Policy*

Lux Service Award

The University of Northern Iowa Lux Service Award is presented by the Office of the Dean of Students annually to undergraduate students who best represent the ideal of service to the university community.

The honor is conferred in the spirit of keeping the light of service to others burning bright at UNI. The name of the award, Lux, is from the university's official seal that features a burning lamp of knowledge and the Latin word for light.

Congratulations to the 2025 Lux Service Award Recipients:

Lizbeth Montalvo

Lizbeth is a Political Science and Spanish major from Des Moines. Lizbeth has been an active member of Legacy Scholars, Pre-Law Club, UNIdos and held leadership roles as a Jump Start Pathfinder, summer orientation leader and in Northern Iowa Student Government. As a first-generation and Latina student, she leaned on mentorship that provided positive, personal, academic and professional development. She wanted to give back to others, especially those who held identities similar to her own, and show that there is no reason to doubt their dream of attending college or their ability to be successful. Lizbeth got involved in programs such as orientation and Jump Start to help retain students from similar backgrounds who thought the same as she once did. She shared "All one student ever needs is a little push to unlock their potential. Seeing students start their own organizations, be on exec teams, gain internships, while fighting against their doubt, has been the greatest gift and motivator." One nominator wrote, "She has done a lot for NISG and our university campus. She has served as NISG's President, Vice President and Director of Mental Health. I am incredibly proud of her work. She worked hard to address and advocate for the needs and wants of the student body. Her concern is always for the good of others."

Delaney Nagel

Delaney is a triple major in Management Information Systems, Business Analytics and Accounting from Waukon, Iowa. She has been an active member of the UNI community, but has focused her time, effort and energy holding leadership positions in Accounting Club and as president for Women in Business. Though she questioned her leadership abilities and struggled with imposter syndrome, she soon recognized that through her work others were being inspired. One nominator shared, "Delaney will leave a lasting impact on the University of Northern Iowa through her achievements in the classroom, community and student organizations. I've had the opportunity to work with her in Women in Business, where she serves as president this year. Her sincere dedication to the organization and its members is both admirable and inspiring. She is a strong advocate for the future of the club, which extends to her advocacy for UNI's accounting program. Through her treatment of others, dedication to UNI and commitment to her community, she will leave a lasting impact on the university after graduation". When asked what her hope is for her legacy, Delaney wrote, "I hope that my experiences will continue to inspire students to run for leadership positions, support each other and keep the light of service burning brightly at UNI."

Samantha Robinson

Samantha Robinson is a Communication Sciences & Disorders major with a minor in Gerontology from Cedar Rapids. She has been actively involved in and held leadership roles in UNI Dance Marathon, UNI National Student Speech Language and Hearing Association, summer orientation and others. Her involvement and experiences as a student shaped her into a more compassionate leader, a stronger advocate and a more confident person overall. Never one to draw attention to themselves, she never intended on taking on roles that put her at the forefront. She preferred to be behind the scenes helping others shine. Whether it is volunteering with dementia-impacted seniors or leading small groups at St. Stephen's, she believes in the value of empathy and service. By fostering spaces for meaningful engagement, small group leadership and student support, she encouraged others to step into roles where they, too, can make an impact. Samantha shared this of her experiences at UNI: "Ultimately, my involvement at UNI has prepared me not just for a future career, but for a lifetime of making a difference — one conversation, one act of service and one step forward at a time."
