The Academic Procession

The procession begins with the entrance of the candidates for degrees. Led by faculty marshals, the candidates for the degree of Bachelor of Arts, both the Teaching Program and the Liberal Arts Program, Bachelor of Fine Arts, Bachelor of Liberal Studies, Bachelor of Music and Bachelor of Science enter in groups, representing each of the undergraduate colleges. They are followed by the candidates for the highest degrees.

Students wearing a bronze medallion are those graduating Summa Cum Laude (with highest honors), which represent the top 3% of each college by grade point average; or those graduating students receiving a Purple and Old Gold Award, given to those students who have excelled in scholarship or who have shown conspicuous achievement in particular areas.

The procession continues with representatives of the faculty.

The president's party forms the final section of the academic procession. Headed by the commencement marshal, it includes the president; members of the Iowa Board of Regents; administrative officers; the academic deans; and honored guests.

The individuals leading the procession of the graduates, the faculty and the president's party carry a mace which is a symbol of office. Those individuals are the student body president, the chair of the faculty and the university commencement marshal. Over long tradition, a mace is a symbol of authority and official celebration. The university mace is the largest of the three maces and it embodies the history and dignity of the entire university. The president wears a jeweled "Chain of Office" symbolizing the wearer is the leader of the institution. The silver chain includes links with the names of previous presidents of the institution, as well as previous names of the university.

The academic costumes worn trace their origin to the Middle Ages when long-sleeved hooded gowns were necessary for warmth in the unheated stone colleges. Over the centuries, much diversity occurred, and to bring some order, in the United States in 1894 an intercollegiate system of academic costume was agreed on, now adhered to by American institutions. According to this code, both the styling and colors of the regalia have significance.

The design of the gown indicates the degree. The bachelor's is a simple gown with a full sleeve. The master's gown is much like it except for the long sleeve which hangs loose. The doctoral gown is fuller and more elaborate. It has velvet edging and three velvet stripes on the full sleeve. The color of this velvet may be black or in the color appropriate to the degree.

Hoods, which are worn over the gowns, are similar for all degrees, although differing slightly in length. The candidates for the bachelor's degrees usually do not wear the hood. The hood has a velvet edging which indicates the area of the degree, and the inside or lining of the hood is satin in the colors of the college or university granting the degree.

A partial list of the degree colors to be found on the edge of the hood or the trimming on the doctoral gown is as follows:

- Apricot - Nursing
- Blue, dark - Philosophy
- Blue, light - Education
- Brown - Fine Arts
- Citron - Social Science
- Copper - Economics
- Drab - Business
- Green - Medicine
- Green Sage - Physical Education
- Lemon - Library Science
- Maize - Agriculture
- Maroon - Family
- Orange - Engineering
- Pink - Music
- Purple - Law
- Scarlet - Theology
- White - Arts and Letters
- Yellow Golden - Science and Consumer Sciences

Lux Service Award

The University of Northern Iowa Lux Service Award is presented by the Office of the Dean of Students annually to undergraduate students who best represent the ideal of service to the university community.

The honor is conferred in the spirit of keeping the light of service to others burning bright at UNI. The name of the award, Lux, is from the university's official seal that features a burning lamp of knowledge and the Latin word for light.

Congratulations to the 2024 Lux Service Award Recipients:

Emily Clouser

Emily Clouser, a native of Waukee, Iowa, is graduating with a degree in choral music education. As a fourth generation member of the UNI community, she has been active in the Panther family through a broad array of experiences connected to the School of Music and the Alumni Association. She spent eight semesters with the American Choral Directors Association, eight semesters with the UNI Guild of Carillonneurs and seven semesters as an accompanist to the UNI Varsity Glee Club, among other involvement. Clouser's lasting legacy will include her work in collaboration with University Relations, UNI Foundation and Guild of Carillonneurs during an iconic time on the UNI campus for the return of the restored carillon bells.

Noah Hackbart

A native of Ankeny, Iowa, Noah Hackbart is graduating with a degree in political communication. He has been involved with Northern Iowa Student Government since his first semester on campus and held various roles throughout his undergraduate career while participating in countless efforts in support of student success. Hackbart believes "Being a leader isn't always easy, but when you put your passion and drive into it and make it your own, great things can happen." During his four semesters as NISG director of governmental relations, he worked extensively to create relationships with state and local leaders under the philosophy of showing up and being present to make a lasting impact on the University of Northern Iowa community.

Diamond Roundtree

Diamond Roundtree is a native of Cedar Rapids, Iowa, graduating with a degree in Communication/ Digital Media: Digital Media Production. During her time at UNI, she has taken on many roles including resident assistant, Pathfinder, orientation leader, Cat Crew member, writer for the Northern Iowan student newspaper and student employee for several different offices on campus. When she arrived as a first-year student, she did not know where her journey would take her, but was motivated, eager and ready for the adventure that came next. She consistently reminded herself what her dad had always told her, "Leave it better than you found it." Her tangible lasting legacy is starting a multicultural magazine, "Prolific," to support students of color in expressing their voices.
